

NOTIFICATION DATE: 9/12/2013
QUANTATIVE VOLATILE SCREEN PLUS ETHYLENE GLYCOL

TEST CODE: QVSC

INTERFACE CODE: 1002611

ANNOUNCEMENT: The Gas Chromatography analyzer used to perform QVSC analyses has been repaired by the manufacturer's service engineers.

The performance characteristics of the method have been verified by med fusion. Starting September 12, 2013, QVSC would now be performed at med fusion.

We apologize for any inconvenience we may have caused sending the test out to the national reference laboratory.
